PROFESSIONAL SUMMARY

Finance & Operations Analyst with hands-on experience building Power BI dashboards, automating reporting with Advanced Excel/VBA and Python, and managing retail-facing operational data (invoice processing, PO/violation tracking, vendor coordination). Comfortable owning a mailbox-to-resolution workflow end-to-end — ticketing, follow-up, stakeholder closure, and reporting on trends for management action.

CORE COMPETENCIES

- Data & Reporting: Power BI · SQL (basic-intermediate) · Advanced Excel (Macros, VBA, Power Query) · Power Automate · Power Apps
- Retail/Facilities Ops: Ticket & violation tracking, mailbox monitoring, SLA follow-up, cross-team resolution, vendor & stakeholder coordination.
- Automation: Python (Selenium, scripting) · Power Apps/Automate · workflow automation reducing manual TAT

PROFESSIONAL EXPERIENCE

Finance & Operations Analyst — Eteam Info-service (Contract)

Apr 2025 – Present

- Monitor high-volume operational mailboxes and ticketing queues, raising and tracking issues end-to-end until resolution, coordinating with cross-functional stakeholders to close items on time.
- Build and maintain Power BI dashboards and DAX measures to analyze operational/error trends and recommend process improvements to management.
- Automate recurring reporting (accruals, PO/violation tracking, exception reports) using Python and Power Automate, cutting manual turnaround time by ~30%.
- Maintain accurate documentation and audit-ready records across weekly/monthly reporting cycles in a SOX-compliant environment.

Financial Reporting Associate — State Street Corporation (Contingent)

Mar 2024 – Jan 2025

- Prepared and reviewed 100+ monthly financial statements for 15+ Mutual/Hedge Fund clients under GAAP and IFRS.
- Automated high-volume reporting using Excel Macros, VBA, and Power Query; resolved 30+ discrepancies ensuring SEC compliance.

Finance Associate (Apprentice) — Invact Meta-versity

Oct 2023 – Jan 2024

- Built driver-based forecasts/budgets; produced 12+ monthly MIS reports tracking KPIs; ran variance and scenario-based modelling.

Operations Manager (Intern) — Speque E2E

Oct 2022 – Dec 2022

- Streamlined AP/P2P processes using SAP FICO; built Power BI dashboards surfacing operational KPIs.

EDUCATION

B.Com – Insurance & Actuarial Science, Administrative Management College (AMC), Bangalore University

2020 – 2023 · CGPA: 7.9

CERTIFICATIONS

- JP Morgan Chase — Agile (Investment Banking), Forage: DCF modelling, M&A, Agile methodology
- ChatGPT for Excel, Great Learning — Advanced formula generation & automation
- Wealth Management, TCS iON
